

## **Maryanne West**

“I love the interaction I have with people from all around the world, including the travel opportunities. It’s great being able to help people in other countries to get the most out of the system they are using and then seeing the results.”

Maryanne is based in London and currently works as an e-Recruitment Manager for the Global Recruitment Team with Deloitte Touche Tohmatsu (Global).

“The rest of my team is based in North America and Canada. I support 33 countries by providing advice/support to their local report writers (8 of the 33 countries) and write reports for the remaining countries that do not have their own report writer. I am also involved in implementations in new countries and optimization in existing countries

Having started work with Deloitte Australia in 2003 as the sole generalist HR practitioner for the Victorian Audit Practice, Maryanne then transferred to a newly created role as System Administrator in the National Recruitment Team to look after a globally implemented Recruitment Management System, before moving to her current position.

Maryanne completed the Bachelor of Management with majors in Marketing and Human Resources in 1997.

“Nine years on from my study, I can boast that my best friends all went to the University of Ballarat! “
